

CURRICULUM

PRE -K: A combination class for 2.5 - 4 year olds. Classes target creative movement and learning basic dance steps.

COMBINATION: A class for 4 - 7 year olds containing jazz, tap, and ballet techniques. Students will acquire a knowledge base for the three basic forms of dance.

BALLET: The foundation of all dance. Teaches proper body alignment, balance, turn out, grace, how to work each aspect of the body and then to unify them. Ballet is a necessity for any student who wishes to advance in his or her dancing.

JAZZ: Encompasses a broad range of dance styles, but named for its origin as a dance done to the rhythms of jazz music. The basics of jazz will assist dancers with all other forms of dance.

TAP: An audible form of dance in which the dancer learns beats, timing, and rhythms while coordinating upper body movements.

HIP HOP: A "street style" dance including styles such as breaking, locking, and popping that also has an element of freestyle or improvisation.

LYRICAL: An expressive form of dance in which the choreography is typically derived from the "lyrics" and meaning of the chosen music. Note: Dancers must be enrolled in ballet to take lyrical.

MUSICAL THEATRE: A dance form that encompasses all other styles where routines are typically performed to music from Broadway musicals. Students will acquire stage acting experience as well.

ACRO: Gymnastic and acrobatic movements, such as tumbling, are combined with dance.

TINY TUMBLERS: An acro class for 3 - 6 year olds!

POINTE: A classical ballet class in which the dancers wear pointe shoes. Enrollment in this class is by invitation only.

CONTEMPORARY: A style of dance that encompasses all genres and techniques. The choreography tends to explore new and innovative ways to move and shape the dancer's body.
